VOL. XXXVII No. 3

WAINWRIGHT, ALBERTA, WEDNESDAY, NOVEMBER 17th, 1943

Price \$2.00 Per Year In Advance

Council of M.D. 392 Have Real Busy Session

The Council of the Municipal District of Wainwright No. 392 met in the Council Chamber on Thursday, November 11, 1943.

Present: Reeve Sutherland, Councilors Fahner, Dixon, Taylor and Strachan.

Moved by Strachan that the Minutes of the last regular meeting be approved as written.—Carried.

Moved that Accounts as approved by the Finance Committee be passed and ordered paid in a total of \$6195.68.—Carried.

Moved by Sutherland that the Pay Sheets amounting to \$1837.33 be passed and ordered paid.—Carried.

Moved by Fahner that the secretary be instructed to send the Membership fee for the District to the Municipal Districts Association in the amount of \$50.—Carried.

Moved by Taylor that the secretary be instructed to forward the account received from F. E. McLeod and Co. regarding the funeral of Mrs. Bission to the Municipal District of Griseley Bear for their attention.—Carried.

Moved by Sutherland that Dr. Folkins be notified regarding his account for the Tudy boy that this party is not a resident of this District and, therefore, we have no responsibility in this case.—Carried.

Moved by Dixon that the Monthly Financial Statement as presented be incorporated in the Minutes.—Carried.

Administration and Taxation
Letter received from Mr. Spencer re. Municipal Convention, ordered filed, and the Secretary instructed to advise that none of the appointed Delegates have withdrawn to date.

Letter from Municipal Supplies Ltd. received and ordered filed.

Moved by Dixon that the Arrears of Taxes now standing against the following Crown Land be ordered cancelled as follows: NE 11-45-3-4, \$162.83; SE 11-45-3-4, \$131.56.—Carried.

Moved by Strachan that the Wild Land Tax Appeal of Mrs. Nettie Mae Egan concerning the SE 31-44-3-4, be approved and that such taxes be now cancelled.—Carried.

Moved by Strachan that the Bond for Charles Wilbraham in the amount of \$10,000 be renewed and the premium of \$40.00 be paid to E. A. Keith.—Carried.

Moved by Sutherland that T. H. Jones be granted exemption under the Soldiers' Relief Act regarding the SE 26-44-5-4 and that the 1943 out-

standing taxes be cancelled.—Carried.

Public Works
Letter from the Union, Tractor and Harvester Co. regarding a 12-foot grader read and noted filed.

Letter from Watrous Limited regarding various road machinery read and ordered filed.

Corporal Miller waited on Council regarding the Legion Hostess House explaining very fully the purpose for which this house was planned.

A Delegation from the Board of Trade from Edgerton headed by Mr. P. S. Pawsey waited on Council regarding improvements on the four miles of road from Highway No. 14 to the Village of Edgerton. The Reeve assured this Delegation that certain improvements on this road were on the program of the District for next year.

A letter from N. W. McPherson, Highway Commissioner, regarding repairs to the Bridge in Section 13-45-7-4 read and Mr. Dixon advised to follow the suggestions therein.

Moved by Strachan that the secretary be instructed to advise the Director of Survey that it is the opinion of the Council that the protest of J. E. Grenier re the closing of road between Sections 9 and 10-45-5-4 is well founded.—Carried.

Letter from J. D. Adams Co. Ltd. regarding our order for Motor Graders read and ordered filed.

Moved by Sutherland, regarding the letter received from M. S. Preston, that Mr. L. Fahner be appointed a committee to arrange settlement for fence and land with Mr. Preston.—Carried.

Letter from the Chauvin Board of Trade containing a resolution passed at one of their recent meetings regarding the completion of Highway No. 14 and the road to the Village of Chauvin, read and ordered filed.

Moved by Dixon that the decision of the Arbitration Board in the matter of the Roadway through the SW 4-46-6-4 be rejected and that we pay the owner the sum that the Council agreed at the outset that could be paid for this road, namely \$10 per month. For the motion, Dixon, A. Fahner, Strachan and Taylor.—Motion Lost.

Moved by Strachan that the decision of the Arbitration Board in the matter of the Roadway through SW 4-46-6-4 be accepted and that A. L. Continued on Page 8

Legion's Service Of Remembrance

Organized by the Wainwright branch of the Canadian Legion, the "Service of Remembrance" held on Thursday last was attended by a full parade of Veterans, as well as the local Sea Cadets, and three squadrons of soldiers from the camp here.

Each of these organizations was in command of their respective officers, and after a "two minute silence" had been observed at the memorial clock tower, the parade marched to the Elite theatre where religious exercises in keeping with the affair were held.

Rev. A. D. Richard had charge of the service, and gave the invocation, following "O Canada". Scripture and prayer was given by Rev. L. Wilson, and the address by Rev. L. A. Bralant was listened to with great interest.

In his remarks, Mr. Bralant stated that the Remembrance service was to pay tribute to those who made the supreme sacrifice in the war of 1914-18, so that others could continue to live in freedom. He drew attention to the fact that we are prone to take this freedom for granted, forgetting that a great price had been paid for it. After 25 years many more young lives are being offered so that liberty may be preserved.

Assisting with the singing of the hymns which were joined in heartily, were Mrs. Telford at the piano and Mr. Alec Adams (violin).

Following the close of the service, the several detachments of the parade marched back to their respective quarters.

Haseniuk-Eyben Nupt. Held at Vermilion

The United church manse at Vermilion was the scene of a pretty wedding on Friday afternoon last, when Rev. E. Reikie performed the nuptial ceremony between Alice Mabel, youngest daughter of Mr. and Mrs. J. J. Eyben of Auburn, and Gunner Wm. Haseniuk, eldest son of Mr. and Mrs. S. Haseniuk of Vermilion.

Entering on the arm of her father, to the strains of the wedding march, played by her cousin Mr. Henry Eyben, the bride looked charming in a too-length gown of white sheer, fashioned with sweetheart neckline, fitted bodice and full skirt. Her veil of white bridle illusion was held in place with a head circlet of white baby's mums, and she carried a shower bouquet of American Beauty roses.

Miss K. Haseniuk of Edmonton, (sister of the groom) wearing a too-length gown of white sheer, with corsage of white carnations, and Miss Isobel Cleland, in a too-length gown of blue taffeta, with white carnations corsage, acted as bridesmaids; both of these wore pink roses in their hair.

Mr. Frank Eyben, the bride's brother, supported the groom as best man.

Some 25 guests sat down at the reception banquet which was held at George's Cafe in Vermilion where the table was decorated with streamers, and centered with the bride's 2-tier wedding cake.

The toast to the bride, which was given by Rev. Reikie, was fittingly responded to by the groom.

The young couple will leave shortly for Calgary, where the bridegroom is stationed.

CARD OF THANKS

THE LEGION THANKS YOU

The Wainwright Branch of the Canadian Legion, B.E.S.L. wishes to convey their appreciation and thanks to the ladies who made the Poppy Campaign a record success! to the Clergy of Wainwright and to Mrs. Telford and Mr. A. H. Adams at our Memorial Service; to Mr. Brunker, who kindly donated the theatre; to Lionel McLeod who helped with the trumpet calls; to the C.N.R. for their signals; to the Wainwright Star for the publicity donated; to the Officers, N.C. O's and men of the Units stationed in Wainwright; to the Ship's Company of H.M.C.S. "Exeter", and to the good people of Wainwright and district for the splendid support we have so long enjoyed.

Funeral of Late Mr. Geo. Reich

The funeral of the late Mr. George Reich, who for many years was an employee of the C.N.R. at this point before moving to the coast, (father of Mrs. Herb. Harden, of Wainwright) was held in the Patterson funeral chapel, New Westminster, B.C., on October 30th, with Rev. W. R. Walkinshaw officiating.

The late Mr. Reich was aged 69 years at the time of his death, which occurred on October 26th, and he leaves to mourn ten children and sixteen grandchildren. The sons and daughters are: Ida, of Vegreville; Hilda of Edmonton; Edna of Victoria; Martha, of Wainwright; Elmo, in England; Freda, of Trail; Harold, at Camp Borden (2/Lt.); Gilbert, in Edmonton (airforce); Douglas (N.W.-M.) and Morely, in Edmonton.

Among the floral tributes of respect and esteem were offerings from Ida & Leonard; Hilda and Ernest Powers and children; Edna and Jack; Duncan and Family; Martha and Herb.; Freda and Hughie; Doug. and Gladys; Mrs. Dibble and Daughter; Mr. and Mrs. J. Sparrow, and others.

The pall-bearers were Messrs. W. McKlucky, G. Teasdale, P. Brown & J. Sparrow. Interment was made in Ocean View cemetery at Burnaby, B.C.

Dr. Kenneth Argue Speaks at Convention

The Annual Convention of the Wainwright Local of the Alberta Teachers' Association was held in the Masonic Hall on Friday, November 5. Because of the shortened school year, teachers' conventions are restricted to a one-day programme.

The first speaker at the convention was Mr. H. C. Coutts, the newly appointed supervisor for the Wainwright Division. Mr. Coutts outlined what he expects from the teachers of the division, and what the teachers can expect from him. He left no doubt that the schools of this area are fortunate to have a supervisor with his personal and professional qualifications.

The supervisor's address was followed by a talk, "Organizing the Rural School", given by Mrs. D. Likness, of Metropolitan. Mrs. Likness made her talk helpful to those teachers who are this year entering the profession after a training period of only three months.

The guest speaker for the day was Dr. Kenneth Argue, of the School of Education, University of Alberta. Dr. Argue discussed the responsibilities of the school in the post-war period, stressing the need for the deepening and broadening of the citizen's knowledge, understanding and technical skill. Greater responsibilities placed on the nation's schools will necessitate increased expenditure, and it is generally agreed among educational administrators that one "must" for post-war education in Canada is financial aid from the federal government. Of all the speakers who have appeared before teachers' conventions in Wainwright, Dr. Argue is one of the most forceful and lucid.

The last item on the programme was the annual business meeting of the Local. During the meeting Mr. J. W. Barnett spoke briefly to the convention about educational affairs in Alberta.

The following members were re-elected to the executive of the Local: President, Mr. G. C. Welsh, Edgerton; Vice President, Mr. I. S. Reeds, Irma; Sec.-Treas., Mr. D. H. Gunn, Irma. Two members of the executive, the councillors from the Chauvin and Wainwright Sub-locals, will be elected later.—Con.

IN MEMORIAM

In loving memory of "Dad" (Richard L. Carey) who passed away at his home on November 17th, 1941.

The blow was great, the shock severe. We little thought his death so near. O's and men of the Units stationed in Wainwright; to the Ship's Company of H.M.C.S. "Exeter", and to the good people of Wainwright and district for the splendid support we have so long enjoyed.

Always remembered by
MOTHER, NELL, WALTER AND HAROLD.

"National Immunization Week" Across Canada

During this week, through the co-operation of the health authorities throughout the Dominion with the Health League of Canada, a special effort is being made to attract people attention to the importance of immunizing the children against diphtheria, small pox, scarlet fever and whooping cough, and the following, by Dr. H. C. Wallace, our M.H.O., should be heeded by all concerned:

"The residents of this community are well aware of the importance of immunization, and as a result, almost 100% of our children of both school and pre-school age have already been protected against diphtheria, small pox and scarlet fever."

"The Board of the Wainwright School Division No. 32, and the Boards of the Public and Separate Schools of the Town of Wainwright are to be highly commended on their campaign to protect the children against these preventable diseases. The co-operation of the parents, teachers and the children themselves was appreciated by those doing the work."

"Whooping cough is not a simple childhood disease. During the past four years it has killed 2,160 Canadian children, and has left countless others with serious complications. Children CAN be protected against whooping cough by vaccination."

H. C. Wallace, M.D.,
Medical Health Officer.

It can readily be seen from the above how vitally this matter affects the life of our nation, and how necessary it is that ALL co-operate in the carrying out of "National Immunization Week."

Spencer of Edgerton Heads New Executive

Henry E. Spencer of Edgerton, former member of parliament for the Battle River constituency, was elected president of the Alberta School Trustees' Association in succession to A. E. Ottewill, Edmonton, at the annual convention last week in Calgary.

Mr. Spencer was vice-president during the past year and was succeeded in that position by H. C. Haimrast, Lucky Strike, former member of the association executive.

Re-elected members of the executive were Percy C. Davies, K.C., Clyde; W. G. Gilbert, Grassy Lake; R. Henning, Fort Saskatchewan; Mrs. E. E. Morton, Vegreville, and J. O. Pilon, Edmonton. New members elected Thursday were Sir Arthur Stonehouse, Red Deer; A. E. Ottewill, Edmonton; Thomas Graham, Medicine Hat, and G. Buxton, Bowden.

Retiring executive members include G. W. Skene, Calgary; W. A. Church, Medicine Hat; and H. C. Haimrast.

Now Signed Up For War's Duration

Some 20 of her high school chums planned a surprise party for Miss Muriel Wilbraham at her home on Friday evening last, as a farewell upon her leaving for the east to take up her duties with the W.R.N.S. at Galt, Ont., for which centre she left on Monday.

Musical numbers and games filled the evening until an enjoyable lunch was served, at which time Miss B. Snyder, on behalf of her friends, presented Muriel with a parting gift, and expressed the hope that in its use, the recipient would have pleasant memories of those left behind.

Before departing, those present extended best wishes for every success in Muriel's new adventure.

LOCAL NOTES

Miss Elsie Horn was home with her parents last week end, and has now returned to her teaching duties at Silgo school.

We regret to learn that Mrs. Lorn Mitchell is suffering from an attack of pneumonia. She was taken to the hospital last week end, and we extend wishes for a speedy recovery.

Mrs. Bob Wilson and her small son visited with relatives in Edmonton over the week end.

Voting Friday Next For Gas Franchise Bylaw

On Friday next, between the hours of ten o'clock in the forenoon and seven o'clock in the afternoon, the proprietary electors of the Town of Wainwright will go to the polls to decide whether the Council shall receive instruction to enter into a franchise agreement with the Wainwright Gas Co., Ltd., for the supply of natural gas to the residents of Wainwright for the next fifteen years, at the rates which have been enjoyed for the past seventeen years.

This question, which has been the subject matter of much discussion for several years, is now brought to a head, but although the vote will require a two-thirds majority to become law, it should surely require no deep study to see that the best move for all concerned is for those with voting power on Friday to make full assurance that the bylaw is carried by an overwhelming majority, so that the Town Council will thus be instructed to enter into agreement with out delay, and assure to all citizens a continuation of the natural gas supply which, for so many years, has been enjoyed by our householders.

This feature is more pointed when one realizes that it is considered highly probable that another source of supply for this product will have to be sought right away, if we are to continue the use of this "gift of nature", for although Wainwright has assuredly received the very best of service from the gas company during the many years of its supply, there is no assurance that the flow of gas will go on indefinitely, and this fact is taken care of in the franchise by the undertaking to assure the ratepayers of a minimum supply throughout the period it covers.

To argue that this utility should be taken over on a public ownership basis seems futile. The purchase price of the "works" set at something over fifty thousand dollars would merely

cover the initial cost of the system as at present set out. To that would have to be added possibly an amount of about the same proportions in order that drilling could be started right away for a further assured supply. This seems to us to be attempting the almost impossible. Drilling rigs and their crews are not plentiful casing and well supplies (according to best authorities) are practically impossible to get just when these are wanted; priorities, etc., must be obtained; and after all is settled along those lines, there is positively no certainty that natural gas can be obtained at the first (or possibly many) drillings. For the Town Council to even consider undertaking such a plan, even should such a project pass the Public Utilities Board of Alberta—which we doubt—would seem to be simply gambling with the taxpayers' monies, and certainly not to be thought of in these strenuous times.

In the passage of the bylaw, and the fulfilling of the franchise agreement, the party of the second part (the Wainwright Gas Co., Ltd.) has to undertake to carry these chances, while the householders can still enjoy all the advantages which natural gas has given us for many years at the same price which has heretofore prevailed.

Therefore, as a parting word, The Star advocates most sincerely that every person eligible should get to the polls on FRIDAY NEXT, and VOTE FOR THE BYLAW.

If it seems advisable that the taxes be spent for further progress within our town borders, let the Council go into the matter of the inauguration of a water and sewage scheme, and bring Wainwright into line with other places not nearly as old as our town is at present, but which have these advantages—despite they have no natural gas.

Mun. Hospital Trustees Hold Regular Monthly Meet.

The regular monthly meeting of the Board of Trustees of the Wainwright Municipal Hospital District No. 17 was held at the hospital November 13, 1943. Trustees present were:—Chairman O. J. Gould, and Trustees J. Collette, Mrs. H. Washburn, D. Gardiner and L. Oxy.

The minutes of the last regular meeting were read, and on motion of Trustee Oxy were adopted.

Moved by Trustee Oxy that the secretary write the Provincial Fire Commissioner that a metal lined box has been made to store ether in and also a metal box for X-ray films. The pilot light on the ironer has also been attended to.—Carried.

Moved by Trustee Gardiner that Trustee Oxy be appointed delegate to attend the Municipal Hospital Convention to be held in Calgary November 15th and 16th, and the sum of \$40.00 be allowed for expenses.—Carried.

Moved by Trustee Collette that secretary write the Minister of Health for permission to purchase one electric sterilizer at a cost of \$390 plus one atmospheric control at a cost of \$57. Total cost of \$447.—Carried.

The finance committee reported that they had examined the ledger and bank book and found same to be correct, and on motion of Trustee

Gardiner the report was accepted.

Matron's report for the month of October was as follows:—

Patients admitted	55
Patients discharged	53
Deaths	3
Classification Of Patients Admitted:	
Surgical	9
Medical	15
Obstetrical	16
Infants Born	15
Total Hospital Days	541

Moved by Trustee Collette that the Matron's report be accepted.—Carried.

Moved by Trustee Collette that the Matron be authorized to purchase 10 wool blankets, 60" x 84".—Carried.

Moved by Trustee Mrs. Washburn that Matron interview F. E. McLeod & Co., regarding mattresses and if satisfactory for hospital use to purchase four.—Carried.

Moved by Trustee Oxy that secretary's salary be increased \$5.00 per month as from February 1, 1943.—Carried.

Moved by Trustee Oxy that accounts amounting to \$1,738.52 be approved and cheques issued.—Carried.

Moved by Trustee Mrs. Washburn that the meeting adjourn. The next regular meeting is to be held December 9, 1943.

PUBLIC HIGH SCHOOL STUDENTS' ELECTIONS

Students of Wainwright High School cast ballots last Wednesday, and as a result, the slate of:—Lionel McLeod, President; Jacqueline Billing, vice-president; Lenore Wright, secretary-treasurer; was swept into the executive positions.

Grade IX chose as their class representatives Duane Ganderton and Iris Schlitt; Grade X, Roy Hartling and Jocelyn Winters; Grade XI, Florence Cotton and George Torg; Grade XII, Bea Snyder and Charles Pollock. Valcen Pon was elected press correspondent.

All personell of the Canadian Army are being reboarded under the recently inaugurated "Pulhems" system.

Legion Vets. Stage Pleasant Dance Evening

To the merry strains of the Wainwright orchestra on Thursday evening last, the local branch of the Canadian Legion staged a very pleasant dance in the auditorium which was filled with devotees for the celebration of Armistice Day.

During the evening the draw was made for the riding pony which had been donated toward the funds for the new Hostess House in Town, and little Miss Joan Carl was the holder of the lucky ticket.

The committee who worked hard to achieve the success attained are deserving of all commendation.

MUNICIPAL DIST. OF WAINWRIGHT No. 392

Public Notice

To the Ratepayers of the Municipal District of Wainwright No. 392

PLEASE TAKE NOTE that the Council have made arrangements for the Office Staff to collect Taxes and Agricultural Relief Advances at:

CHAUVIN

WAINWRIGHT, WEDNESDAY, NOVEMBER 17th, 1943

RESEARCH LABORATORY NEEDED

With both the war and the develop-
ment of chemistry well advanced, ap-
parently nothing has yet been done by
the federal authorities to set up a
research laboratory in Western Cana-
da to discover new uses for western
farm crops. It was indicated several
years ago that the matter was being
studied at Ottawa, but it is one of
those projects shelved by the war in-
definitely.

Chemurgy has made great head-
way in the United States and many
of the discoveries of American labora-
tories are available for Canadian
study. The North-West Line Elevators
association has been advocating
for some time that the federal govern-
ment should set up a western division
of the National Research Council out-
fitted with an up-to-date laboratory
and skilled technicians. The first
move to attain that objective was the
recent appointment of a prairie re-
gional committee to work with the
National Research Council. This
should be followed up by real action.

Dealing with this subject the Week-
ly Market News of Winnipeg said the
other day: "What is needed is not
general recommendations but specific
findings on problems now confront-
ing the West—not a committee but a
laboratory. When the war has fin-
ished the need for finding new uses
for Western crops and for finding
new sources of wealth in the West
will become more urgent. Something
more than a gesture is needed now."

"The appointment of the commit-
tee is an acknowledgement by the
government that something must be
done. On a matter so vital to the
West, any action should take the
form of a real attack. Appointment
of a committee, if it is left at that,
is not likely to be considered by West-
erners as a 'real attack'."—Calgary
Herald.

CONTINUATION OF

M D Wainwright No 392

(Continued from page 1)

Harden be paid the sum of \$335 in
full settlement and that this payment
be made without prejudice or prece-
dent. For the motion, Strachan, Suther-
land, Fahner and Taylor. Against the
motion, Dixon.—Carried.

Moved by Taylor that in regard to
closing the road between Sections 10
and 11-42-1-4 on further investigation
by the Council it is agreed that Mr.
Tessier's protest is well founded and
that the Director of Surveys be so ad-
vised.—Carried.

Moved by Dixon that the Reeve
and Secretary be authorized to make
payments on our machinery notes
due to the J. D. Adams Co., as and
when the same become due.—Carried.

Moved by Strachan that the secre-
tary be instructed to make applica-

tary be instructed to make an ap-
praisal of this property.—Carried.

Referred, Grants and Health
Moved by Sutherland that the secre-
tary be instructed to give Dr. Eld
a full explanation of the action of
this council regarding the Leo Jack-
son case.—Carried.

Moved by Dixon that the officials
at the Gleichen Home be notified to
reduce the allowance of Mr. J. A.
Stevenson in the amount of \$2 per
month as he is now in receipt of an
extra \$5 per month Old Age Pension.
—Carried.

Moved by Dixon that the matter of
James Scoville be referred to Mr. Spen-
cer for an investigation.—Carried.

Notice of admittance in regard to
C. McPeak to the Royal Alex. Hospi-
tal received and ordered filed.

Moved by Fahner that Amy E.
Porter of Hardisty, who has made ap-
plication for an increase in Old Age
Pension be notified that this increase
has been approved by this Council
and full pension recommended to the
Department.—Carried.

Moved by Sutherland that the ap-
plications for Old Age Pensions re-
ceived from G. N. Bishop and Joseph
Simard be accepted and that full pen-
sion be recommended to the Depart-
ment.—Carried.

Moved by Sutherland that Clause 2
of our proposed Doctor's Agreement
be amended in accordance with the
correspondence in file.—Carried.

Moved by Fahner that the case of
Mrs. I. Ramsdell and the Royal Alex.
Hospital be tabled for further investi-
gation.—Carried.

Moved by Fahner that the secre-
tary be instructed to write Dr. Rut-
ledge of Unity, Sask., regarding Mr.
McKeever.—Carried.

Moved by Strachan that the matter
of the Legion Hostess House as pre-
sented by Corporal Miller be tabled
until our next regular meeting.—Car-
ried.

Moved by Fahner that we do ad-
journ, our next meeting to be held on
the 9th day of December, 1943.—Car-
ried.

Moved by Sutherland that the offer
to purchase the NE 20-45-5-4 be re-
ferred to Mr. Taylor for investiga-
tion.—Carried.

Moved by Sutherland that bylaw
No. 45 concerning the sale of the SE
32 and the SW 33-42-4-4 be given
first and second reading and forward-
ed to the Department for approval
of the Minister.—Carried.

Moved by Fahner that the secre-
tary be instructed to notify George
Clark of Metlakow that we can do
nothing with the James Scoville place
until after next June 10th.—Carried.

Moved by Strachan that the secre-
tary be instructed to make an ap-
praisal of the NE 4-45-3-4 for sale
purposes.—Carried.

Moved by Dixon that H. Sparks
be notified that we have received
an offer to purchase the SE 21-44-
4-4 and that if he is interested he
should place his offer with this Coun-
cil prior to our next meeting; further
that the secretary be instructed to ap-
praise the said land.—Carried.

words.

ASSISTANCE APPRECIATED

Nov. 9, 1943.

The Editor,
Wainwright Star,
WAINWRIGHT, Alberta,
Dear Sir:

May we take this opportunity of ex-
tending our sincere thanks for the
very splendid co-operation you have
given the Northern Alberta War Finance
Committee during the Fifth
Victory Loan.

As you know by now, Northern Al-
berta went over the top in a big way,
and this was due in no small measure
to the very splendid support of the
rural press, and with the type of co-
operation shown by you.

Again, our sincere thanks, and I
know we can depend upon you again
when the Sixth Loan arrives in ap-
proximately six months.

Yours very sincerely,
G. S. HENRY,
Vice-Chairman,
Public Relations Sec.

Members of the Canadian Women's
Army Corps will be taking their
place with men behind anti-aircraft
artillery as the result of a plan to
train women "plotter-telephonists".
Women in England have been used
on similar duty for some months.

WHAT IS A CREDIT UNION?

A credit union is a co-operative so-
ciety organized for the purpose of
promoting thrift amongst its mem-
bers, and creating for them, a source
of credit, for provident or productive
purposes. To accomplish these ob-
jects the members agree to save by

Chemical Rubber Now Full Crown Fighter

There is no such thing as synthetic
rubber, says John D. Welsh writing
in the October issue of C-I-L- Oval.
So-called synthetic rubber cannot be
considered true rubber because chem-
ists have, instead of duplicating tree-
grown rubber, been able to devise
chemical compounds that are similar
in physical characteristics and su-
perior to natural rubber in many
ways. A more appropriate name
would be chemical or chemurgic rub-
ber.

The important point, however, is
not the name but rather the fact that
modern organic chemistry has built
up new rubber-like substances and
the sources of available raw materi-
als are many and varied, thus relieving
us of dependence upon overseas
sources of crude rubber. Most gener-
ally used raw materials for the manu-
facture of chemical rubbers are acety-
lene, alcohol and petroleum.

Before there was any suggestion
that Canada's imports of crude rub-
ber might be stopped by the spread
of war across the Pacific, manufac-
turers had used chemical rubbers for
many types of service where natural
rubber was not suitable or service-
able. And soon after the outbreak of
war, careful examination was made
of all specifications covering rubber
articles so as to reduce the crude rub-
ber content and increase the use of
chemical and reclaim rubbers. By
careful manipulation, the chemical
rubber industry will be in a position
to supply war needs and the barest
civilian essentials when the North
American stock-pile of crude rubber
is reduced to the point where it may
only be used for blending purposes.

Research on the rubber goes back
to 1860 and since that time more re-
search man-hours have been expend-
ed on this problem than on the study
of any other single organic com-
pound. The first commercially suc-
cessful product resulting from this
research was chloroprene rubber or
neoprene, which is made from pro-
ducts derived essentially from coal,
limestone and salt.

COUPON CALENDAR FOR NOVEMBER

NOVEMBER 18: VALID

Meat _____ Coupons 26

Tea or Coffee _____ Coupons 22, 23

Butter _____ Coupons 38, 39

Meat _____ Coupons 27

NOVEMBER 30: EXPIRE

Butter coupons 34, 35, 36, 37 expire.

Meat coupons 22, 23, 24, 25 expire.

Ration Book 2 expires on Decem-

ber 31, when sugar, tea-coffee, cou-
pons, still negotiable, become invalid.All canning sugar coupons also ex-
pire December 31.

First meat coupons in book 3 to be-
come valid are coupon pair 27, valid
on November 25.

THURSDAY, NOV. 25:

Meat coupons 27 are first in ration

book 3 to become valid.

Meat coupons, pairs, 22, 23, 24, 25,

in ration book 2 expire November 30.

Also valid November 25 are tea-

coffee coupons 22, 23, and Butter cou-

pons 38, 39.

Butter coupons 34, 35, 36, 37 expire

November 30.

All coupons in ration book 2, and

all canning sugar coupons expire De-

cember 31.

SEA CADET ORDERS

SEA CADET CORPS R.C.S.C. "EXETER"

R.C.S.C. "Exeter" will parade Tues-
days and Fridays at 19:30 hours at
the Federal Buildings during the
month of November, 1943.

Starboard watch will take target
practice each week.

Port watch will be examined in Sea
manship during the 3rd week of the
month.

Tender, "Scrub up" on your pocket
Manuals.

Duty Bugler: Cadet Robinson.

Quartermaster: Cadet Stafford.

C. WILBRAHAM, Lieut.,
Commanding Officer,

Pay Tribute To The "Silent Service"

Upwards of Sixty Thousand Cana-
dian Sailors, and other thousands of
the Merchant Marine, through foul
and fair weather, through the terrible
dangers of the sea and lurking U-
boat, keep the life lines of the United
Nations open, and carry the munitions
and food to the armies that will
bring Victory for democracy.

These men give unselfishly of their
services to the Nation so that the
way of life that we have enjoyed—
that way of life which our forefath-
ers have bequeathed to us—is main-
tained. They suffer tremendous hard-
ship, face perils that would daunt the
hardest spirit, and yet at the call of
duty they go down to the sea in ships
many of them never to return.

November 21 to 27 is Navy Week,
and we are celebrating the deeds ac-
complished by the Canadian Navy.
We are paying tribute to the sacri-
fice which they have made, and con-
tinue daily to make, so that freedom
may reign throughout the earth.

These men of the sea man the
ships that are the greatest weapon a-
gainst U-boats. The thrilling stories
of the many victories of Canadian
Corvettes over German under-sea
craft has thrilled us all.

The Navy League of Canada, charg-
ed with the responsibility of supply-
ing comforts to the men of the Navy
and the Merchant Marine, is taking a
leading part in a campaign being car-
ried out in connection with Navy
Week to appeal to the people of Cana-
da to donate as liberally as possible
so that comforts can be sent to every
man in the Merchant Marine and the
Navy this Christmas.

You can help by sending a dona-
tion to the secretary of the League
at Edmonton, or by making your do-
nation through the bank in your dis-
trict.

KNOW A BLACK MARKET?

Perhaps you think a Black Market
operator looks and acts like a boot-
legger of prohibition days—a swarthy
fellow with two days' growth of
beard. Or perhaps you think of pre-
war speakasies with peep-holes in
their doors.

A Black Market isn't that easy to
identify. It may be the gas station
where you've dealt for the past ten
years, where you can get an extra
gallon or two without a coupon. Or
perhaps it's the corner grocer who
gives you an extra can of this or that
without a coupon. Or the butcher
who gives you a choice cut of
course his price is above the WPTB
ceiling, but who minds the extra pen-
nies. Yes, it's as easy and simple as
that, and plenty of folks buy and
sell that way without meaning the
least harm. But it's a lot of little
things like this that make Black Mar-
kets.

Yet not one in ten realizes, when
he gets one of these hard to resist
special favors, that he's making the
job of winning the war that much
harder.

North-West Line Elevators Association

AVOIDABLE LOSSES

Grain Inspection Branch figures
for the period August 1 to October
15, reveal a serious situation which
involves heavy losses to the farmers
concerned. We refer to increases in
"smutty" and "rejected" wheat.

Smutty Wheat

With rare exceptions, which need
not concern us here, all smutty wheat
results from stinking smut (bunt).
In Hard Red Spring wheat and
Durum, this disease can be com-
pletely controlled by seed treat-
ment. On October 14, the Wheat
Board Price List provided for a dis-
count of 10c per bushel for smut in
grades No. 1 Hard to No. 4
Northern. Since August 1, 101 cars
have graded smutty; a frequency
five times as great as last year. The
loss to the farmer is nearly \$800.00
per car.

Rejected Wheat

"Rejected" gradings have in-
creased at an alarming rate this
season, though most of the wheat
so graded was probably grown in
1942, when harvest conditions were
unfavorable. Aside from ragweed,
most rejections are due to excess
moisture resulting in heating and
sprouting. The discount for grades
No. 1 Hard to No. 4 Northern is
11c per bushel—a serious loss. Since
August 1, 329 cars have graded
rejected; they are three times as
common as last year. This loss can-
not be eliminated, but it can be
greatly reduced.

Write to us, or apply to the near-
est line elevator agent for the fol-
lowing "Seedtime and Harvest"
articles:

1. "Tough Grain" (by Dr. E. W. Neatby)
2. "What We Have, We Hold" (by Dr. B. N. Smallman).

FARM NOTES

SELECTION OF TURKEY BREEDERS

One of the most important factors in any line of poultry endeavor is the question of breeding birds. Without good breeding, success is difficult if not impossible. Experienced poultrymen never fail to retain their best birds as breeders.

The selection of breeding turkeys is not difficult and anyone who has raised a flock of turkeys during the summer months has noticed differences in many birds on the range, states the Poultry Division, Central Experimental Farm, Ottawa. Some birds grow well from the start and make good birds in the fall while others, perhaps the same age and fed in exactly the same way fail to develop properly or have minor defects. Economic development then should be one of the leading factors in the selection of breeders and the birds which are well matured at fattening time should be considered as potential breeders.

Type is important in the selection of breeding turkeys. Birds which are not well balanced should be rejected regardless of their size or development. The very large birds may be awkward in their movement, and on examination found to be overdeveloped in some character and underdeveloped in others. A good example of a serious defect in a breeding male is a bird that is overdeveloped in breast and walks with a swaying motion. Such birds usually lack development in length of body and have legs which are placed too far back on the bird. The body carriage is parallel with the ground and usually such males give poor fertility.

The other extreme is the tall bird with long legs, long neck and lacking body development at market age. Such birds are not economical producers and should be avoided.

A well balanced turkey walks with a slightly upright carriage, and a free, easy movement. It has a fairly broad back and a breast bone of good length carried well back on the body, and running almost parallel with the back. The breast should be full and round with no tendency to baginess. The neck should be of medium length and the head of good width. Quality of bone is important and large bones are not necessarily an indication of quality. Fine-boned birds should be avoided as they usually produce off-

spring which grow slowly.

The male to head the turkey flock should be unrelated to the females. This is important in turkey raising. By the regular changing of the breeding males poult mortality can be kept to the minimum and because of increased vigor in the poult, more economical production of turkey meat can be secured.

About ten to twelve females can be successfully mated to one male and it is wise to keep an extra male or two just something should happen to one of the breeding males. Do not make the turkey matings too large and increase the possibility of good fertility.

World of Wheat

H. G. L. Strange,
Director, Research Department,
Searle Grain Company, Ltd.

THE WORK OF THE SCIENTIST

Our farmers and all of us owe a great debt to our talented Canadian scientists in agriculture. It is, I think safe to say that if our Canadian farmers were using today those varieties of grains and breeds of livestock that were common forty years ago, they would have hardly anything to export.

The agricultural scientist has produced better breeds of livestock, high yielding and higher quality varieties of grains, that have helped our farmers to survive, and now to the long list of these varieties which have been boons to our farmers, comes the promise in a year or so of a new wheat that will be resistant to sawflies, and which, therefore, will save our farmers millions of dollars a year in losses. (The loss this year from saw-fly damage is estimated to amount to 20 million bushels of wheat).

How valuable is the work of these scientists! And yet they are among the lowest paid men belonging to any occupation that requires the high talents and the expensive education that these men must have. I for one suggest that it is high time for their employers—the Dominion and Provincial Governments—reconsider sympathetically the remuneration these so valuable friends of the farmers are receiving, for we must depend upon

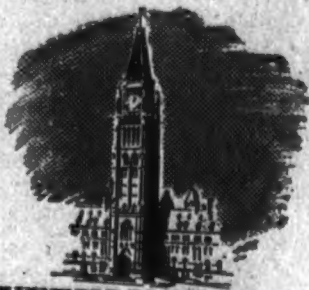

them to introduce still better varieties and breeds to compete with the advances being made by our competitors for world markets.

ITEMS OF INTEREST IN THE

WORLD OF FOODSTUFFS

Germany's wheat harvest is reported to be two million tons short of minimum requirements. Shipments of wheat and flour from the Argentine since Jan. 1st, total 52,922,000 bushels, as compared with 65,980,000 bushels during the same period a year ago. — The Dominion Bureau of Statistics reports that a reduction in the existing world wheat surplus is in prospect before 1944 crops are harvested.

The United Kingdom is reported planning a larger wheat acreage for the 1944 harvest. — Germany plans to increase flax acreage in the Baltic States this year by about 30 percent over 1942 acreage. — Welcome rains are reported to have fallen recently in critical wheat areas of Australia.

**A WEEKLY EDITOR
LOOKS AT
Ottawa**

Written specially
for the weekly newspaper of Canada

CAPITAL ITEMS: A through air service from Ottawa to Nassau, Bahamas Islands, via New York and Miami is heralded to commence very soon by Colonial Airlines, Inc., with trip total flying time of 10 hours. — Bureau-laugh — the woman who wrote to the Regional Offices of Prices Board asking what articles were going to be rationed next 'so I can lay in a supply' — and the employee who phoned Selective Service asking if he could be "frozen" so the boss couldn't fire him — According to the W.P.T.B., Santa's reindeer will float light as a feather this Christmas because wood and plastic toys will be available in fair supply —

Metal and rubber (high will be iron composites) — or is that the word? — the accent will be, owing to shortages of labour by toymakers, on pieces of this and that, so ingenious Johnny can do the assembling.

Under direction of the Consumers Branch, W.P.T.B., I am told, wardrobes of children's made over clothing are being sent to a total of 108 centres in Canada. They offer a variety of new ideas, even to makeover experts like Canadian mothers, particularly in re-claiming apparently useless material and turning it into something wearable. Emphasis is placed on combinations of pretty colours, tailored smartness and on unusual ways of turning the total losses in the wardrobe into active garments. Included in the kits are several styles of children's underwear cut down from daddy's union suits. It's the first time in our country's dressmaking history that patterns have been available for children's underwear.

More than 14,000 Canadians in the Armed Forces serving in England have married English girls, believe it or not, according to a recent announcement. A lot of new moms will have to learn to bake apple pies.

Again Agriculture Minister J. G. Gardiner makes a special appeal that all farmers, especially those in the three prairie provinces (including other livestock shippers), co-operate in withholding from market, sows, unfinished cattle and cows, and by spreading deliveries of bacon hogs and other classes of livestock as evenly as possible. Reason: peak in deliveries in next two months, congest-

tion in stock yards and packing plants. Some 10% of all western hog marketing, take more time to slaughter and process than regular hogs.

The machinery rationing officials meeting in Regina, Sask., recently were concerned about many farmers selling still usable tractors in the hopes of getting new ones. While quotas have been increased, there is just enough to meet needs of essentiality. The nearest rationing officer should be written to for a permit before any sale or deal or new purchase is made. The sale of second-hand machines at enhanced prices to secure permits for new equipment is considered "an unfair practice", the Board holds.

Crops of main staples in Canada are quite lower than 1942. Total wheat production estimated at 296,259,000 bushels, 50% lower than the 1942 yield, though larger than any crop harvested from 1933 to 1937 and produced on smallest acreage seeded to wheat since 1918. Feed grain lower poorest in respect to oats in Ontario and Quebec. Hay and clover estimated 1,144,000 tons greater than 1942, though in some districts affected by moisture. Potato crop estimated at 43,041,000 cwt., ravages in some districts offset by increased yield in New Brunswick. Sharp reduction in sugar beets.

Due to feed shortages in Canada and expected lower production in hogs for 1944, our new ham and bacon agreement with the U.K. provides for delivery of not less than

800 million lbs. over a two-year period, as compared to current agreement of 875 million lbs. in one year. The new price will be \$22.50 a hundredweight, up 75 cents.

Odds and Ends of Interest: Gross operating revenues of our Canadian railways increased to \$69,737,023 in July, a new high monthly record — R.C.A.F. aircrew serving in other war zones will now be granted special leave to Canada for completing tours of operations the same as if in the United Kingdom — The first "Canadian Bible" is now rolling off presses in Toronto; since 1804 printing rights have been strictly controlled, only four other firms in the British Empire having the authority to print Bibles — The National Film Board has a hundred "travelling theatres" which go from village to village and factory to factory at regular intervals. The rural audience for them is now 350,000 a month, in the factories a quarter of a million — Since 1940 Canada has launched more than 200 steel cargo ships, aside from warships and other war craft. In a single convoy these 200 ships could carry the following mixed cargo: enough food to feed the entire population of Britain for one week, enough lumber to build 18,000 four-room cottages, 400 bombers, and enough aluminum to build more than 12,000 fighter planes, steel for 7 battleships, enough bombs to drop 10 pounds on every German subject and motorized equipment to supply 200 infantry battalions.

Aircraft workers in Canada have

saved the nation over \$700,000 cash in direct production costs by suggestions made since the first of the year and perhaps millions indirectly, according to the Aircraft Industry Relations Committee. One Canadian worker made a simple technical suggestion which saves 5,625 man hours on every one hundred aircraft.

The 1943 honey crop—one of the best on record—gets a preliminary estimate of 82,520,000 lbs., exceeding the previous year by 35 percent. One third of the total was produced in Ontario. The prairies produced 14 million lbs.; five million was extracted in Quebec; 1,300,000 in British Columbia and the Maritimes were somewhat less than in 1942.

Restrictions on the sale of protective rubber garments have been revoked by the Prices Board and reclaimed rubber now can be used for these garments in place of crude rubber. This includes, of course, firemen's coats, mining suits, sou'westers, fishing suits and acid resisting suits.

Our Post Office has become big business—and how. A big increase is shown since the war started with gross revenues for 1942-43 being \$59,175,137. Take airgraphs overseas, more than 76,000 of them are flown weekly from Canada; an ordinary mail bag holds 2,400 ordinary letters but 408,000 airgraphs which ordinarily would require 213 mail bags and occupy 639 cubic feet of cargo space. Just imagine, our P.O. department in 1942 sent 20,116,360 letters overseas as against 5,618,640 in 1940.

THE FUNDS of the depositor are the first concern of Canada's Chartered Banks.

Canada's Chartered Banks are the proud custodians of more than 4,350,000 savings deposit accounts. These accounts, averaging \$391, represent the work and thrift of you and your neighbours—of heads of businesses and heads of families.

Naturally, the first concern of these depositors is that their money, or any part of it, shall be available when called for. That is the banks' first concern, too.

The Bank Act specifies the types of transactions in which the

Chartered Banks of Canada may engage. But it is the banks' responsibility to analyze the assets and prospects of the intending borrower. They must be such as would satisfy you if you were asked to lend your money.

Funds deposited with the Chartered Banks form the basis for loans to individuals, businesses, institutions and Government. Your savings thus help to sustain business activity and the general welfare of the nation.

THE CHARTERED BANKS OF CANADA

ADVERTISING

(A MESSAGE TO LOCAL MERCHANTS)

It is difficult for us to conceive of any single force which weilds so great an influence in our life as advertising — yet, how many people stop to consider what advertising really is.

Advertising is any means or method of communication of essential information as to where, when and how a commodity or service may be obtained — and WHY IT IS DESIRABLE.

Before people will buy, they must be 'sold.' They must make up their mind that they want the goods or service more than any other product their money will buy — more than they want to keep the money.

But how can a person find this magic formula of convincing prospects "WHY IT IS DESIRABLE"?

The answer lies in the product or service itself —

- Why do people buy your product now?
- How do they use it?
- What does it do for them?
- Where do they use it?
- When do they use it?
- How often do they use it?

Take a pencil and write down the answers to these questions. Study your answers and you'll have the basis on which to build your advertising message.

Then your next job is to tell them "Why it is desirable" from their point of view. Remember, they are interested in their own wants and needs—not in a lot of adjectives making boastful claims. The public doesn't care how big your firm is or how old it is — they are interested in themselves, their health, their happiness, their family and their own beliefs.

Fix this thought in your mind: "WHY IT IS DESIRABLE FROM THEIR POINT OF VIEW" — and you will achieve success in your advertising.

Your local newspaper has proven that it is the most desirable medium for many sales messages — what about yours?

THE SHOPMAN

"Jock" Smith, veteran shopman of the Canadian National Railway, is the subject of this sketch by Grant Macdonald, noted Canadian artist, whose drawings of members of Canada's armed forces have aroused widespread interest. This is one of a new series by Mr. Macdonald depicting Canadian railway workers engaged in the big task of keeping the country's war traffic moving. "Jock," a veteran of the last war, is a pipe-fitter. He and 24,000 other shopmen in this and allied trades keep the 2,572 locomotives, and the 103,201 freight and passenger cars of the National System in shape to handle the big war traffic. In addition, several thousand C.N.R. shopmen are engaged in the manufacture of munitions.

Hints for the Household

FEATURING "LIMA NIGHT"

Many families have a regular "Lima Night"—a certain night each week on which a heaping Lima bean dish is the backbone of the dinner. This need not be the same dish, over and over. By no means! The Lima bean is as versatile as the potato or onion. In soups, salads, ham loafs and croquettes it feels perfectly at home. The recipes below will prove this:

Spring Chowder

2 cups cooked dried Limas
2 cups diced potatoes
2 slices fat salt pork
1 small onion, sliced
1 cup boiling water
4 tablespoons butter
4 tablespoons flour
3 cups hot milk
1 teaspoon salt
1/2 teaspoon pepper
Cut salt pork into dice. Place in a saucepan and cook 5 minutes; add onion and cook until just turning yellow, then add potatoes and boiling water. Cook until potatoes are tender, then add Limas. Melt butter, add flour, stir until smooth, then add hot milk; cook, stirring constantly, until slightly thickened, then add Lima mixture and seasonings.

Lima and Ham Loaf

1 cup cooked, dried Limas
1/2 cup ground ham
1/2 cup chili sauce or catsup
2 eggs, beaten
1 teaspoon minced onion
1 tablespoon melted butter
1 cup cracker crumbs
1/2 teaspoon salt
1/2 teaspoon pepper
Rub Limas through a coarse strainer. Add ham, chili sauce, eggs, pepper, salt, minced onion, butter and cracker crumbs. Shape into a loaf, place in a buttered pan in a moderate oven (350 deg. F.) and bake for 30 minutes, basting occasionally with the melted butter. Serve with brown gravy.

Sausage Hash

1 pound sausage
2 tablespoons butter
1/2 pound soft, mild cheese, cut up
1 cup thin cream
1/2 teaspoon salt
Few grains cayenne
3 eggs, slightly beaten
Cook sausage until done in frying pan. Melt butter, add cheese and seasonings. As soon as the cheese melts, add cream gradually and slightly beaten eggs. When mixture is smooth, add the cooked sausage and serve on toast points.

KEEP UPKEEP

DOWN ON FOODS

Use left-overs—in attractive yet inexpensive dishes. Do not buy in such quantity that there is a wasteage from spoiled goods. Study foods and recipes until you find dozens of inexpensive foods that are even more pleasing than some of your present "company favorites".

Sour Milk Cake

1 cup sugar
1 egg
1 large lump butter
1 large lump lard
Mix well together, then add
1/2 cup baking powder
1 teaspoon baking soda, dissolved in 1/2 cup sour milk
1 full cup sour milk
1 teaspoon cinnamon
1 teaspoon nutmeg
1 teaspoon cloves
1/2 cup floured seedless raisins
2 cups sifted flour
Mix all together and bake in a moderate oven about 25 minutes.

Peppers With Meat Stuffing

6 green peppers
1 cup cooked meat, chopped fine
1/2 cup bread or cracker crumbs
Milk or cream
Cut off the tops of the peppers or cut them in two lengthwise, and remove the inner fibres and seeds. Drop into boiling water, remove from the fire, let stand 10 to 12 minutes, then drain.
Mix the meat with the bread or cracker crumbs and moisten with a little milk or cream. Be sure that it is rather highly seasoned. Fill the peppers with the mixture and serve at once or cover with buttered crumbs and brown in the oven.

Fish Souffle

1 cup cooked fish
1 cup mashed potatoes
2 eggs
1/2 cup milk
Salt and pepper
Mix cold cooked haddock, or other cold left-over fish, with mashed potatoes, milk, salt and pepper. Stir in one egg, well beaten. Put in an oiled mold or dish and set in the oven until hot. Beat the white of the other egg stiff and stir into it the beaten yolk seasoned with salt and pepper; heap this over the fish and brown.

THOSE IRON FOODS

It's a good idea to have lists of foods that are rich in the various minerals and salts. One never knows when some member of the family, neighbor or friend may need the advice such lists will enable you to give. Lean beef is exceptionally rich in iron. If you do not care for beef, oysters and spinach are almost as good. Then, in the order named, we have molasses, eggs, graham bread, tomatoes, oatmeal green peas, fish, dates and raw cabbage. No need for anyone to go without his quota of iron.

SOME HELPFUL HINTS

Do you have trouble with head lettuce leaves breaking? Cut them around the core with a sharp knife and hold them under running water as you pull them off.

Ferns often worry us when on a short vacation. Place a large pan of water on the stand near the fern. Dip one end of a small towel in the pan of water and another in the fern dish. Then you do not require the services of a forgetful neighbor.

To remove finger marks on a highly polished piano or radio, wipe with a cloth wet in pure cold water, then dry with another cloth. This restores the new look at once.

THIS WEEK'S BEST RECIPE

Take thick slices of stale bread—about three inches square, cut off the corners and scoop out center. (Use waste bread to roll and dry for other things.) Toast nice and brown in the oven, butter generously, drop a whole egg in and cook for a few minutes.

SAVE YOUR SCRAP RUBBER

Dr. K. W. Nealey
Director, Agricultural Department
North-West Livestock Association

What We Have, We Hold!

This fall and winter, the farmers of Western Canada will have to store a large proportion of Canada's grain stocks. The greatest dangers to farm stored grain are moisture and insects. Uniformly dry grain is not subject to insect damage or spoilage.

If trouble begins, however, the farmer's position is difficult because he rarely has accommodation or equipment for turning or cleaning large amounts of grain. Note the following precautions:

1. Repair leaky roofs to exclude rain and snow.
2. If possible have wooden floor with air space underneath.
3. Much damage has resulted from concrete floors, but a covering of moisture-proof paper will help.
4. Before filling granary, clean thoroughly. Brush down walls and sweep floor with damp sawdust. Then sprinkle a little hydrated lime over the floor and sweep it about to fill all cracks.
5. If granary was infested with mites or insects last year, give the entire inside a coat of white-wash containing 1/4 pound of lye per gallon of solution, and allow to dry thoroughly before binning grain.
6. Don't fill granary to roof, but provide all possible ventilation without allowing moisture to enter.
7. Open bins or piles are risky. If unavoidable, they should be on well drained ground, and two or three feet of straw should be on the ground under the grain. Piles should be uniform cones. A covering of hay or sheaves may help, but should be removed before warm weather arrives in spring.

Contributed by Dr. B. N. Smallman, Board of Grain Commissioners for Canada, Grain Research Laboratory.

Want Normal Pep, Vim, Vigor?

Try OGDEN'S Tonic Tablets. Contains tonic, vitamins, iron, vitamins B, calcium, phosphorus, and normal pep, vim, vigor, vitality, and so on. No side effects. Introductory dose only 50c. If not satisfied with results of first package, money refunded. See price. At all drug stores. Start taking OGDEN'S Tonic Tablets today.

Feminine Hearts Still Beat

Beneath Air Force Blue

Airwomen's uniforms haven't altered femininity.

People who wall about the defeminizing of wearing uniforms don't know women. Girls in uniform still cluster about baby carriages—scooting and chucking in the best traditions of the maternal sex, and the widely-published cartoon of the WAAC's trying on spring hats isn't so far off the beam either. If further argument for the femininity of our "Troops" were needed the doubting Thomases should have listened in on the Women's Division of the R.C.A.F. when they got their new issue of summer uniforms.

With the exception of minor alterations in the cut of the tunic and the substitution of a skirt for trousers, the girls' outfits are the same pattern as the men's but the comments were pure Polly:

"O-o-o-o, look at the ducky little inside pockets."

"You're simply stunning in khaki, Marge."

"My DEAR, I LOVE this skirt, it doesn't twist my stockings around." "That's a SWEET skirt you've got on, Smittie, is it true?"

Consciousness of their uniforms and a desire to live up to them often leads the girls into amusing situations. An airwoman in Ottawa wanted to go on an art lecture in the Victoria Museum. She entered the main door but the Mountie told her she should have come in by a side door as the lecture was being given in the art room. It was a wild blustery night, however, and rather than send her back in the storm, he suggested that she go through the hall devoted

to the exhibit of prehistoric animals' bones.

She turned to the Mountie to ask him to go through the darkened cavern of horrors with her, then realizing that she was in uniform, and a big brave airwoman, she shouldn't be afraid of either dark or dinosaurs.

tramped resolutely forward. Against the dim silver of the windows, weird skeletons were silhouetted. Her feet (and heart) went faster and faster, and she says now that she covered the last three yards in one step.

Yes, girls will be girls, regardless of uniform.

HEALTH

A HEALTH SERVICE OF
THE CANADIAN MEDICAL
ASSOCIATION AND LIFE
INSURANCE COMPANIES
IN CANADA

SMALLPOX

Increasingly rapid means of communication, especially by air, have made it imperative to take every possible precaution against the introduction or spread of dangerous diseases. Health authorities warn. They urge that there be no relaxation of measures against smallpox, of which only sporadic cases have occurred in Canada in recent years.

In early times, smallpox was so common in Canada as well as in Europe that people exposed themselves to it, "to get it over with" although many thereby lost their lives. Epidemics which decimated and incapacitated whole communities, and left the survivors with disfigured faces, are part of Canada's medical history.

It was in 1766 that the English physician, Edward Jenner, discovered the vaccine that immunizes against smallpox. Methods of preparing the vaccine have been much improved but are surest way of protection.

In most of the Canadian provinces, vaccination is not compulsory but is left to the discretion of parents and guardians. Health authorities fear that the reduction of smallpox to a few cases a year has lulled the people into a false sense of security and that any serious outbreak would find many victims among those who have not been vaccinated. Smallpox is still a serious cause of death in many countries. If all parents will take personal responsibility for the protection of their children as well as themselves, the whole community will be safeguarded. For this reason smallpox is one of the diseases against which parents will be urged during National Immunization Week (Nov. 14 to 20) to protect their families.

APPLE A DAY!

For many years we have been taking the Canadian apple for granted. Not so this year! The apple will be in first place instead of being just a fruit filler-in when bananas, peaches, plums and apricots are scarce.

The price of apples as yet is not low and due to poor crops in some parts of the country, is not likely to go down further. Even so, apples are our cheapest fruit, and like no other Canadian fruit are in season throughout the year.

Apples should be firm, well colored tart flavor, and medium size. They may be bought by the pound, dozen or bushel. You will find it most economical to buy the fruit in large quantities. They can be stored in a cool moist place, after all the bruised and decayed fruit is removed. It is best for economy's as well as flavor's sake to buy each variety at its proper season. You should also consider whether the apple is to be served raw or cooked, as they vary in flavor and texture. The varieties excellent for cooking are Duchess, Gravenstein, Blenheim, Greening and Northern Spy. These apples in the order given are in season, each for a couple of

months, from August until March. Those excellent for eating are McIntosh, Snow, Delicious, Tolman Sweet and Melba.

Although apples cannot replace the vitamin C rich citrus fruits and tomatoes, nevertheless they are valued for their vitamin and mineral contribution to the diet. They are comparable to white peaches, pears, bananas.

I know you will have many favorite recipes for serving apples cooked, so I am going to stress ways of serving the apple raw. First of all you must remember to marinate the cut portions of apple with lemon juice to

prevent discoloration. For optimum vitamin retention you should not expose the cut fruit to the air for any length of time.

Raw apples may be used in combination with other foods to make appetizing salads. Diced apples, celery, walnuts and salad dressing makes the well-known Waldorf salad. Or you may combine diced bananas, oranges, apples and stoned cherries with dressing for a fruit salad. A side salad of diced apples, cubed cheese and walnut meats blended together with mayonnaise dressing would add color and flavor to a special occasion dinner.

"What's holding you back brother?"

THE fellows who are in there pitching at the Axis didn't need any formal invitation to race into this scrap... and they're beginning to wonder what happened to you. Those fellows are in the thick of things... smooth-working teams of fighters... each man doing his part.

Besides real he-man action and adventure, you'll get skilled technical training and experience that employers will rate highly after the war.

If you really want to pull your fair share, and if you're fit, there's not a thing in the world to hold you back. You can go aircrew today. You can win your wings in a few short months under the guidance of veteran airmen. What about it, brother?

EDGERTON

The 11th Victory Wheel draw was
won by M. H. Myers.

Mrs. W. J. Reynolds has been visit-
ing at the home of Mrs. Sawyer St.

Mrs. Mieske (nee Leone Brans-
grove) has been visiting with Elsie
Pawsey.

An Armistice Dance was held in
Pawsey's Hall November 10th and
was well attended. Mr. and Mrs. Sid
Pawsey had their usual open house at
supper time.

Mrs. Jimmy Miles has returned
from Edmonton. Jimmy is now in
Toronto.

Rev. A. A. Court went to Viking
Thursday to officiate at a Legion
Armistice Service.

A delegation from here attended
the meeting of the Wainwright Mu-
nicipal Council Thursday with the ob-
ject of getting the 4 miles of road
leading to Highway 14 put into shape
for all weather travel. The promise of
this being done next year was given.

Friday night a shower for Lucille
House was held at the home of Mrs.
G. Phillips. Lucille, who is being mar-
ried in Edmonton November 19th,
will be remembered here at High
School and afterwards as ledger clerk
at the Bank. She was the recipient of
many handsome and useful presents.

Harmon Lewis and family of Metis
know are visiting at the Welsh home.

Mrs. E. Russell of Butte is visiting
her mother, Mrs. Lena Eason.

Margaret McBride left Saturday
for the city where she has gone with
the intention of enlisting with the
R.C.A.F. (W.D.)

The United W.A. Chicken Supper
held Saturday was an outstanding
success, over two hundred suppers be-
ing served. The financial returns were
gratifying.

The Red Cross Raffle for a turkey
and goose, kindly donated by Mrs.
Fred McBride were won by Mrs. Neil
Lacey and Mrs. Fred McBride, re-
spectively.

Mr. and Mrs. Gilmour and family
were visitors to Hughenden over the
week end.

GREENSHIELDS

Sgt. and Mrs. Don Davidson of
Camrose spent the week end with the
Daniels family.

Mr. Walter Schwenk has been haul-
ing gravel for the cement work on
the National Grain Co.'s house.

Mr. Arnold Jeram and J. Steenson
motored to Kitscoty on Sunday.

Mr. Steve Steimachuk is back after
a week's visit with friends in the Ver-
million district.

Mr. and Mrs. Rufus Carl and J.
Slater spent the week end with rela-
tives at Manville.

Miss Fern Gosselin was home on a
short furlough looking quite nifty in
her new W.A.A.C. uniform.

Messrs. Marvin Jackson and New-
ton Hill were Edmonton visitors this
week relative to joining the navy.

The ladies aid wishes to thank all
those who contributed to the success
of the recent tea and sale of work.

A special depot has been set up in
Geneva, Switzerland, to arrange dis-
tribution of Canadian Legion Educa-
tional Service Courses, including
those at the University level, to all
British prisoners-of-war in Germany.

A choice of more than 50 trades is
offered girls enlisting in the Cana-
dian Women's Army Corps.

HEATH

Lloyd Davis and Sam Wilkinson re-
turned to their respective stations
this week after a leave spent with
their parents.

Fred Ford Jr. and Neil McFadyen
Jr., are away this week at Winnipeg
to deliver Mr. W. Schwenk's Cater-
pillar tractor for bush operations.

The local telephone lines have been
undergoing repairs in preparation
for the winter.

The highway to Wainwright is be-
ing gravelled and the road south of
Heath is being repaved by sanding
the low places, which we hope will
improve travelling conditions.

Mrs. Clinton Davis and Dorothy
Spornitz are in Edmonton this week
on business.

There is little hope held now by the
farmers to complete the harvesting
this year as the frosts are not good
for drying the grain.

The Red Cross Lunch Counter, af-
ter a highly successful season, is sus-
pending its activities, at least until
after the New Year. Mrs. Graham,
who has been in charge, wishes to
thank each and every person who has
contributed in any way towards the
success of this undertaking.

The funds are being used in a var-
iety of ways, some of which have
been previously mentioned in these
Red Cross Notes, mostly in services
or comforts to patients or nurses at
the Military Camp Hospital.

In addition to this local work,
\$300 was sent to be used for wounded
soldiers in the Sicilian campaign, and
last week \$200 was donated to the
Blood Clinic to purchase a refrigera-
tor for their use in storing the blood
plasma. We are sure that all who
have helped to make these donations
possible will feel a gratifying sense
of achievement.

Our out-of-town clubs continue to
co-operate with us. Both the Gerald
Victory Club and the Sydenham Club
contribute \$2.50 every month, the
price of a Prisoner of War Box, so
necessary to the maintenance of
health for all prisoners. The Green-
shields War Service League send us
a quilt a month, and we have just re-
ceived a donation of \$49 from the
Sew-and-So Club of Fabyan. Thanks
to these ever faithful workers, and to
individual contributors who also help
with our good work.

We make an earnest appeal, how-
ever, for more individuals to take out
Red Cross work, either on Saturdays
when the Work Room is open from
2 to 5 p.m., or by applying to some
member of the executive during the
week. This phase of our war effort
is falling down, probably because of
the pressure of other duties. But with
increased Canadian participation in
active warfare we cannot slacken our
efforts. New wool has been received.
Turtleneck sweaters are urgently
needed.

If you have been content just to
cheer us from the side lines, won't
you join us in the game? —H.M.W.

News of Local

Women's Institute

The regular monthly meeting of
the local W.I. was held at the home
of Mrs. A. Rattray with 16 members
and three visitors present. Roll call
was answered by a remembrance
verse (or a penny forfeit).

Four quilts were turned in for the
navy marine; one by Mrs. A. Robin-
son and three by Mrs. S. Simmons
(this makes ten from this lady). Sev-
eral blocks were also handed in, but
many more are still needed.

A collection was taken for the dit-
ty bags and a donation of \$5 from
Gerald Victory Club for articles for
these was received. It is hoped to fill
five of these by Dec. 1st, and it was
decided to hold a card party on that
date to augment the funds.

Mrs. F. Murray of Kinross, consti-
tutionary convener, who was accompa-
nied by Mrs. Watson of Kinross, gave
a splendid talk on post-war planning,
and stressed the part the W.I. will
have to play in that work. She ad-
monished those present to work for
others and become community-mind-
ed.

Mrs. Greer was the winner of the
gift donated by Mrs. Torrance for
this meeting.

The next meeting, which will be
held at the home of Mrs. W. Bruner
will see the annual election of offi-
cers and usual exchange of gifts, and
Mrs. Davidson and Mrs. A. Clark will
act as hostesses. A full turnout of
members and friends is hoped for.

All soldiers of the Canadian Active
Army will have dental treatment
completed before retirement. Dis-
charge or reverting to Reserve Sta-
tus.

Sawfly Resistant Wheats

In a recent issue, we stated:
"... it remains to combine sawfly
resistance with the many other
qualities we demand in hard red
spring wheat. This is almost certain
to be a more difficult task than was
the defeat of stem rust." A few
days later we learned, in conversa-
tion with Mr. L. B. Thomson,
Superintendent, Dominion Experi-
mental Station, Swift Current, that
there was reason to expect the
distribution of sawfly resistant varie-
ties within a few years. So we
wrote to Mr. A. W. Platt, by whom
the breeding work has been done,
asking for a summary of his experi-
mental work. The following para-
graphs are derived, chiefly, from the
report kindly prepared by Mr.
Platt.

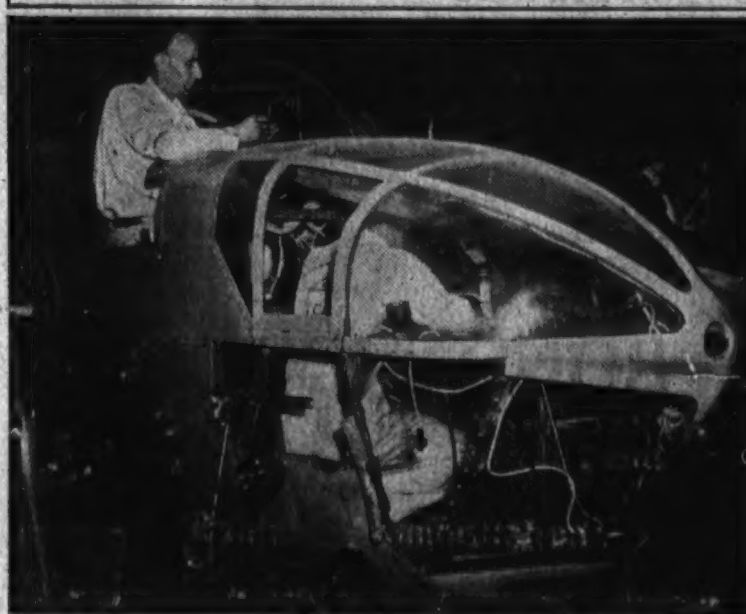

Several years ago, Mr. H. J.
Kemp obtained some bread wheats
from New Zealand which had solid
stems. These wheats, while resistant
to sawfly, had poor baking quality,
were susceptible to stem rust, leaf
rust and stinking smut, and shat-
tered freely. They were crossed
with Renown, Thatcher, and Apex
in the hope of securing hybrids
which would possess sawfly resis-
tance plus the desirable character-
istics of our rust resistant varieties.
The second and third generation
hybrid populations contained every
conceivable combination of desirable
and undesirable characteristics. They
were exposed to stem rust, stinking
smut, sawfly and drought at several
stations in the prairie provinces.
Data have also been assembled on
yield, strength of straw, milling and
baking, etc. The vast majority of
hybrid strains fell by the wayside;
but a few performed well enough
to be considered for increase and
distribution. Final judgment must
await further tests.

Ask a line elevator agent for a
printed leaflet giving a more exten-
sive account of this work.

Kathleen Parlow, famous violinist, and Joan Dembeck, viola. Isaac Ma-
mott is a westerner, formerly of Win-
nipeg, from which city he was heard
for several years over CBC networks
as 'cellist and leader of the Tudor
String Quartet. The Parlow String
Quartet is heard over CBC networks
on Sundays, at 12:30 p.m. CDT.

Part of T.C.A.'s War Effort

As a swift messenger, carrying passengers, mail and express across
Canada from St. John's, Newfoundland, to Victoria, B. C., from
Toronto to New York and Windsor and between Lethbridge, Cal-
gary and Edmonton, Trans-Canada Air Lines plays a vital part in
Canada's war effort. It makes other contributions as well. Work-
ing 24 hours a day, its Winnipeg shops do a great deal of main-
tenance and overhaul work for the R. C. A. F. and the Common-
wealth Air Training Plan.

NATIONAL GRAIN CO. LTD.

FOR A
PROMPT, EFFICIENT,
COMPLETE GRAIN HANDLING
SERVICE

THE COURSE TO FOLLOW

Grain congestion is very severe at the present time. The small
initial wheat delivery quota amply demonstrates the truth of this
statement.

In face of such conditions it is difficult for farmers to direct
their limited quotas to the elevators of their choice, which in most
cases is the Pool Elevators. The Pool Elevator system acknowledges
that the problem is a complicated one. To tell the farmers to de-
liver all their grain to Pool elevators when space is so limited is
simply not common sense.

But the Wheat Pool does suggest that where farmers have any
selection in the matter the Pool elevators should get the preference.
Furthermore, if you are compelled by unavoidable circumstances to
deliver your grain elsewhere, do not forget that you should return
to Pool elevators whenever the situation clears up and the congestion
is relieved.

NEWS & VIEWS OF TOWN AND DISTRICT

BORN—To Mr. and Mrs. Roy Foley of Wainwright, at the Wainwright municipal hospital on November 10 a girl.

All members of the War Service League who have left pie plates or other utensils at the Legion canteen are reminded that these can now be obtained at the Gas Co.'s office.

Mr. Alec Adams, the unit organizer, extends the thanks of himself and his whole committee to all who helped to achieve the grand result attained in the Victory Loan drive which totalled \$187,000 at the close of the books on Saturday last.

ACI Billy Coleman, R.C.A.F., is spending a furlough with his parents in town.

Mrs. Mitchell Sr., is enjoying a visit from her sister from Vermilion for a short holiday.

Pressure on our space this week precludes the publishing of several articles of interest which will appear next week.

The members of the Greenshields L.A. are to be congratulated on the complete success of their tea and sale of work which was held in the I.O.O.F. Hall on Saturday last, and resulted in a nice financial gain to their funds.

Dr. H. Ross, who recently came to town, is preparing for the opening of his dental parlor in the Schumacher Block on Main and Third, and expects to be ready for patients early next week.

Sgt. and Mrs. Berghem (nee Polly Davignon) are here visiting Mrs. Berghem's parents for a few days.

Mrs. Stan, McCullough of Nelson, B.C., who came east to Unity, Sask., owing to the death of her father there, is staying off here as the guest of Mrs. G. Clark, before returning to her home.

Sgt. Vic. Davignon, R.C.A.F., is home on leave this week with his parents here.

Mrs. Joe McClennon of Gilt Edge has her niece, Mrs. G. McKnight of Toronto, visiting her for a holiday.

CLASSIFIED ADS.

"JET" for polishing hot stoves is a boon. Winter months mean hot stoves always. "JET" is safe, handy. Sold everywhere. 24-11

FOR SALE
Good J. & J. Taylor steel safe; inside size 28"x15"x15"; like new; \$300.—Apply to Mrs. S. M. Welch, Town. 17-11

After spending a furlough in town with his parents, Johnny Nelson of the naval forces left last week end accompanied by his wife and baby.

Mrs. Geoff Taylor arrived last week from the coast to join her husband here. Geoff is with the Gold Standard staff.

We are glad to report that Mrs. C. Freed, who underwent an operation in Edmonton recently, is recovering nicely. She returned home on Sunday last.

Following the example of the local Red Cross, the War Service League and the Legion boys have now closed their canteen in the Schumacher block, and expect to be able to reopen in the new Hostess House in a couple of weeks.

A goodly crowd attended the successful sale held at the Norm. Cooper farm on Friday last, when Auctioneer Oxbly wielded the hammer.

We are informed that Mr. J. Lasky of the hotel cafe is the new owner of the former Dundas home on Second avenue east.

A big attendance is hoped for at the Military Whist party in the I.O.O.F. hall tonight (Wed.). Everybody is invited.

A big crowd attended the wedding dance held at Caron's Hall on Friday night last in honor of Mr. and Mrs. Haseniuk (nee Alice Eyben).

The painters are busy this week letting all and sundry know that the new name of the N. Bawiff elevator is now the Pioneer Grain Co.

Miss Muriel Wilbraham left on Monday for the East where she is getting her first taste of the "salt breezes" with the W.R.N.S. at Galt, Ont.

Councillors Sutherland, Archibald, Strachan, Fahner and Dixon, of the M.D. of Wainwright No. 392, together with secretary H. U. Taylor, are all away this week attending the municipal convention in Calgary.

The new gravelled roadway of First Avenue west and plank sidewalk on Queen Street are noticeable improvements this week. Let the good work continue!

Mrs. J. A. Mackenzie visited her parents in Chauvin for a couple of days last week.

TAXI

service in Wainwright, and assure all patrons of the very best service possible under present conditions.

Wainwright Taxi Co. Ltd.

For service phone R. I. Bond, at 116 or 118

Mrs. J. A. Mackenzie entertained on Tuesday in honor of her guest, Mrs. E. Casselman of Edmonton.

We regret to learn that Mrs. Sandquist is a hospital patient these days and we wish her a speedy recovery.

Miss Eberley, a former teacher in town, was a guest at the home of Mr. and Mrs. G. Reid over the week end.

Miss Eileen Davignon is in town for a few days prior to leaving for Ontario to reside.

Miss Elsie Haywood was a visitor to the city at the beginning of the week for a trip.

Mrs. Jas. Robinson, accompanied by her grand-daughter, was a visitor to the city this week.

Jimmy Stranahan is proudly driving his new acquisition these days—a Plymouth coupe.

Mrs. Dave Jones is away to Medicine Hat on a visit to her husband who is stationed at that point.

Many here who remember "Curly" Lynch, of the 1st Div. Armoured Tank Corps, will be sorry to hear he was killed in the recent fighting in Italy, according to word received in town last week.

Mr. and Mrs. Phil Pon and family motored over to Red Deer last week end.
